

**There are many basic items
that most of us take for granted.**

Many school children in our community struggle to have sufficient underwear and personal care items.

It's hard to study if you are worried about (or being bullied for) how you smell.

We would like to help school nurses in our community provide simple items for those who don't have basic health care supplies at home. Our goal is to keep kids in school by helping them have a healthy positive self-image.

The following NEW (not used) items are needed:

- Underwear (boys and girls, all sizes, from kids 6x to adult plus sizes)
 - Elastic-waist shorts and pants (boys and girls, all sizes, including plus)
- Deodorant ● Body Wash (no bar soap) ● Travel-size toothpaste and shampoo ● Solid-color T-shirts, unisex, all sizes (including plus) ●

We will collect these items

August 4-25

**GOT UNDERWEAR?
SOME DO. SOME DON'T.
ALL SHOULD.**
